

IFU 05

Career Planning and Job Search – Course Summary

Course Objective:

This course provides comprehensive support in the areas of self-awareness, career planning, education, and job searching. Discover your inner potential, design a successful career path, and create a personal and professional development plan to help achieve your goals. Finally, learn effective job search strategies and the basics of writing a resume and cover letter. By the end of the course, you will be equipped with a clear career plan, a development roadmap, a polished resume, and a compelling cover letter—ready to move toward a successful future.

Course Topics:

- Self-awareness
- Personal and professional development
- Career planning
- Job search techniques

We have the same course in Ukrainian under course **IFU 07**. The syllabus is the same as above.
